

# Wine Tasting and Breweries

## Hall & Woodhouse Ltd

A visit to the Hall & Woodhouse Brewery is a must for any lover of beer!

"Discover the generations of brewing expertise behind Hall & Woodhouse, brewers of Badger Ales since 1777. Over the course of 90 minutes, our knowledgeable, passionate tour guides will teach you how our master brewers combine the finest hops and malted barley to craft our award-winning beers; each brewed at our home in Dorset.

Once your tour of the brewery is complete, you will be invited to the Brewery Tap to enjoy a complimentary pint of Badger beer, a soft drink or a bottled beer to take home with you."

Brewery Tours run Monday - Saturday at 10:30am and last approximately 2 hours.

## Langham Wine Estate

Single vineyard wines from the heart of Dorset.

"Our wines are made solely from the classical Champagne varieties Chardonnay, Pinot noir and Pinot meunier. Every bunch is carefully hand-picked and processed using a mixture of old and new techniques in our on-site winery. We adopt a low intervention approach and as such all our wines are vegan.

We love to share our passion for what we do and welcome visitors to the estate throughout the year. We offer various types of tours and have a tasting room, shop and café on site. Nestled amongst the rolling hills of rural Dorset, it really is a special place to visit.

Our Tasting Room and Vineyard Café is housed in an old milking parlour dating from the 19th century, and is full of character and charm. With views of the vineyard and winery, it's the perfect place to taste our award winning wines, have a bite to eat or enjoy a lazy afternoon cream tea."
